

# Wherever You Are

Deepfield

I'm trying hard to fall asleep  
I pray to you my soul to keep  
I wanna breathe you in but I can't feel you now  
Wherever you are

I want to sink in to your skin  
I wanna drown myself within  
I wanna lick your wounds but I can't heal you now  
Wherever you are

So turn around and face me now  
And tell me that the worst is over  
'Cause I can barely breathe

Leave me a light on to find my way home  
Feed me your heart from the palm of your hand now  
Give me the strength here to follow you down and I'll go  
(I'll go) Wherever you are

I wanna drink your tears away  
I wanna make it rain and waste another day  
I wanna breathe you in but I can't taste you now

Wherever you are

Leave me a light on to find my way home  
Feed me your heart from the palm of your hand now  
Give me the strength here to follow you down and I'll go  
(I'll go) Wherever you are

So lay right here with me  
Let me hold you in my arms and take your pain... away

Leave me a light on to find my way home  
Feed me your heart from the palm of your hand now  
Give me the strength here to follow you down and I'll go  
(I'll go) Wherever you are

(Leave me a light on) Wherever you are  
(Feed me your heart ) Wherever you are  
(Give me the strength here to follow you down) and I'll go  
(I'll go) Wherever you are
