

The Way We Live

Deepside Deejays

I stay awake, I keep on dreaming
We laugh away, when there's no meaning
You're so beautiful, I need you more
That's the way we livin'
That's the way we livin'

So why despair when sun is beaming?
Why don't make love when heart is beating?
So keep up, keep breathing
Oh, come follow me
And it will get easy
Tell me, can you see?

Na, na, na-na-na-na-na
That's the way we livin'
Li-li-li-li-livin'
That's the way we live
Na, na, na-na-na-na-na
That's the way we livin'
Li-li-li-li-livin'
That's the way we live
(Woo!)

I need you here, I love that feeling
When there's no fear, the mind is healing
You're so beautiful, I need you more
That's the way we livin'
That's the way we livin'

Don't drive me home, don't feel like sleeping
We sang our song, and keep repeating
So keep up, keep breathin'
Oh, come follow me
And it will get easy
Tell me, can you see?

Na, na, na-na-na-na-na
That's the way we livin'
Li-li-li-li-livin'
That's the way we live
(Woo!)
(Woo!)

So will you stay tonight?
Oh, come, follow me
It will be alright
If you stay with me
I wanna show you love
I only wanna give
'Cause that's the only way we live

That's the way we live

We are so beautiful, beautiful, beautiful tonight
Beautiful, beautiful, beautiful tonight
