

# Hey! Yeah!

Deer Tick

Don't make me wait, another day  
I'm awake now, and I can see  
That the heart, it knows what it wants  
And takes what it needs, won't you take me please?

Hey, what a shame  
Can you take me to a higher plane  
I can think think of nothing  
That ever seemed to keep you down  
Yeah, so it seems  
That I'm beggin' for your company  
You're the only peace of mind  
I think I've ever found

They might set me up  
Just to beat me down  
They might wish me luck  
Before they kick me out  
Let me stand  
Down in your shade  
Just give me the word  
I'll be your runaway

Hey, what a shame  
Can you take me to a higher plane  
I can think think of nothing  
That ever seemed to keep you down  
Yeah, so it seems  
That I'm beggin' for your company  
You're the only peace of mind  
I think I've ever found

No I can think of nothing  
That ever seemed to keep you down
