

Look How Clean I Am

Deer Tick

I guess it kinda started like some motion disease
Uncomfortable but certain that you've become a sleaze
Accomplished all my dreams, man, look what I done?
They're looking back at me saying "time to have some fun"

Look how clean I am!
Look how clean I am!
Look how clean I am!
Look how clean I am!

I'm tired and I'm hungry and I cannot think straight
I'm streaming on my television waiting for the sweat to break
Changing all my covers, be best that I can be
I'm staring down the barrel of a well adjusted legacy

Look how clean I am!
Look how clean I am, man!

Yes you can have can a cigarette, I cannot stand to smoke
You're swimming in sobriety, I guess I missed the boat
So feeling unproductive with nothing on tv
I'm looking up a restaurant to wallow in publicity

Look how clean I am!
Well look how strong I am!
And look how dumb I am!
Yeah look how clean I am!
