

## Me and My Man

Deer Tick

Me and my man goes walking 'round the block  
Me and my man ain't got time to stop and talk  
Got too many games to play  
Oh boy, my man looks after me

Me and my man  
Me and my main man  
Me and my man  
Me and my main man  
Running fast  
Catch us if you can

Me and my man, we always have a ball  
Might hear us howling as we're headed up the hall  
Got too many games to play  
Oh boy, my man looks after me

Me and my man  
Me and my main man  
Me and my man  
Me and my main man  
Running fast  
Catch us if you can

Well even I will have my day  
I scratch and claw to get my way  
Come closer, I won't bite  
It feels so good to have me in the fight

Me and my man  
Me and my main man  
Me and my man  
Me and my main man  
Me and my man  
Me and my main man  
Running fast  
Catch us if you can
