

## The Bump

Deer Tick

Got a lust for life  
And a dangerous mind  
In my trail of dust  
Who knows what you'll find  
Well, I can take a tree  
And tear it from it's roots  
If you see me  
I suggest you mooove

We're fuck up men  
We act like kids  
We'll face the music  
Next time we roll in  
Give me a spark  
You get an atom bomb  
Give me some pills  
And I can stand up  
I'm at your function  
And I'm an animal  
I'm in your town  
Got a warrent out.

I got a name  
They call me aqua velva  
One night with me  
Is gonna mess you up  
I saw the light  
And I ran like a fool.  
I'm a drunken devil  
And (not sure what he says here)
