

## Tiny Fortunes

Deer Tick

Can you believe what he did to himself  
Spent tiny fortunes on power and pills  
I know you wanted to have it some other way  
Cut it out, get the keys, let me stay

Way up under this mountain of scum  
We look up at the strangers above  
I know you want to have it some other way  
Cut it out, get the car, let me stay

Well I've been looking at the blacktop  
Waiting for you  
Well you can't understand it  
You can't handle that I  
Was having a good time, while you  
Were having a hard time  
But you were having a good time too

Reflect the painful, reflect the good  
Of our reflection, reflect as you should  
I know you wanted to have it some other way  
Cut it out, get the keys, let me stay

Well I've been looking at the blacktop  
Waiting for you  
Well you can't understand it  
You can't handle that I  
Was having a good time, while you  
Were having a hard time  
But you were having a good time too

Well I was having a good time  
You were having a hard time  
I was having a good time  
You were having a good time too
