

I Will Spite Survive

Deerhoof

You could outlive your executioners
You could outlive your executioners
You could outlive your executioners
You could outlive your executioners
But you're on TV, you're expendable
But you're on TV, you're expendable

Sleep at night, if you can stay alive
Sleep at night, if you can stay alive
Stay alive, if you can sleep at night
Stay alive, if you can sleep at night
City breaks, if you can stay awake
Let her dance, all night long!

You could outlive your executioners
You could outlive your executioners
But you're on TV, you're expendable
But you're on TV, you're expendable

Sleep at night, if you can stay alive
Sleep at night, if you can stay alive
Stay alive, if you can sleep at night
Stay alive, if you can sleep at night
City breaks, if you can stay awake

Outlive your executioners
Outlive your executioners
Outlive your executioners
