

Thinking about a boy who sings yesterday  
Talking about girlie things, that's today  
My life won't start  
Hating you and everyone yesterday  
Liking you and everyone, that's today  
I can't decide

Get your hands of pockets, hooray  
Take a break, look up, and say, "Yeah, way"  
Get your hooves out of control, ooh, yay  
Shake your head, step outside  
Take a left golden green  
Left is right on your side

Massive dot, bling bling, moon  
Massive dot, bling bling, moon

Gimme, gimme, shining to my eyes  
History is chirping for your part  
Gimme, gimme, shining to my eyes

Massive dot, bling bling, moon  
Massive dot, bling bling, moon

Gimme, gimme, shining to my eyes  
History is chirping for your part  
Gimme, gimme, shining to my eyes

Get your hands of pockets, hooray  
Take a break, look up, and say, "Yeah, way"  
Get your hooves out of control, ooh, yay  
Shake your head, step outside  
Take a left golden green  
Left is right on your side

Gimme, gimme, shining to my eyes  
History is chirping for your part  
Gimme, gimme, shining to my eyes
