

# Learning to Apologize Effectively

Deerhoof

The song is waiting for another song  
And when we saw what we were doing wrong  
We found the cause, stay underwater long  
And then we saw what we were doing wrong

La, la, la, la  
La-la-la-la, la la-la-la-la

One, never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you

Then they came upon it  
And they wash their hands, rejuvenating  
Then they came upon it  
And they wash their hands, rejuvenating  
Then they had a baby  
Then they had a baby

The song is waiting for another song  
And when we saw what we were doing wrong  
We found the cause, stay underwater long  
And then we saw what we were doing wrong

La, la, la, la  
La-la-la-la, la la-la-la-la

One, never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you  
Never say you're sorry and two  
Chicken little shouted at you
