

## Sparrow Sparrow

Deerhoof

Sparrow, sparrow, what have you sung?  
I believe you  
Psyche, psyche, how have you heard?  
Piercing and clear

You didn't dare, so sensitive  
You didn't dare, intelligent  
I am a genius  
Gathered from muscles, skins, and bones

Your science, everyone knows  
You are a God

Maybe you'll let me be your friend  
Maybe you'll teach me what's a friend  
Don't wanna hurt you  
Hope builds inside of one

Who suffers, who is alone?  
Nobody knows  
Psyche, psyche, how did you know?  
You are alone

Thought of me as electric meat  
Gathered from muscles, skins, and bones  
I'm gonna show you  
Maybe you'll let me be your friend

Hope dies inside of one  
Who's gonna haunt you  
Hope dies inside of one  
Who's gonna harm you
