

## Tiger Chain

Deerhoof

Fallow drama  
I'm listening for the fruit to fall, love  
Baked in the footlight  
Some buttermilk free love cult  
M'lady or the tiger  
Our runaway summertime hit  
Slather me with butter  
Ring around the world ash pit

Out in the wide net  
Skan and the owlkin  
Know not where  
Their next meal  
Is coming from  
Airliner fallopian juke  
Open up wide  
I'll lift you up  
Tiger tail  
And I just can't let it go
