

Under Rats

Deerhoof

Ancient kinetic
Homosynthetic
Mountains of zeros
Countless in fear-o
Almost electric
Almost electric
Almost electric
Almost electric
The forest on fire
The forest on fire
The forest on fire
Fire, fire, fire, burn

I may not be human
But I know what every human know:
Being and becoming
Fear and loving, eat, sleep, think, and grow
Lonesome in the Arctic
A cathartic shift to vegetable
Human being, animal
Murderous compatible

Tell me what you see
Now tell me every little thing you know
Tell me how the trees
Long held beliefs and all our dreams evolve
Being and becoming
With no end is unsustainable
Blood and oil, drainable
Name all the unnameable

Fire, fire
Fire, fire

Under rats, under rats
Under rain pounder rats
Under rats, under rats
Under rain pounder rats
Under rats, under rats
Under rain pounder rats

Fire, fire
Fire, fire

Fire, fire
Fire, fire
Fire, fire
