```
No one ever talked to me
Now I've forgotten how to speak
A problem with my chemistry
Now I can't sleep and I won't eat
```

As soft as a strangers hand I counted every grain of sand I walked every inch of land, I know

```
So strong, I know
So strong, I know
So strong, I know
So strong, I know
```

No one ever walked with me I got so tired on my feet I lay drunk on the bowery Time never meant much to me

As soft as a strangers hand I counted every grain of sand I walked every inch of land, I know

```
So strong, I know
```

So strong, I know
