

## Bitterest End

Deez Nuts

Hog tied in the trunk of my own ride  
I'm feelin' swervin' lanes  
Blindfolded in the back of my own mind  
I see what's at stake  
Even if I could remove this gag  
What the fuck would I say?  
What the fuck could I say?  
What the fuck could I say?

Blind drunk justice, court's been in session it seems  
I'm the criminal, judge and jury, that's me  
Blind drunk justice, court's been in session it seems  
Won't find a better executioner than me

The day breaks me, the night saves me  
It can't kill me, it's what makes me  
I crave the sweetness when I'm weakest  
Mask the taste of the end (The bitterest end)  
The day breaks me, the night saves me  
It might kill me, it's what makes me  
They say that only God can judge  
But He finesse the plug again and again

Hog tied in my mind  
Still feel like I'm swervin' lanes  
Blindfolded in my mind  
I still see just what's at stake  
Even if I could remove this gag  
What the fuck would I say?  
What the fuck could I say?  
Even if I could remove this gag  
What the fuck would I say?  
What the fuck would I say?  
What the fuck would I say?  
What the fuck will I say?  
What the fuck could I say?

The day breaks me, the night saves me  
It can't kill me, it's what makes me  
I crave the sweetness when I'm weakest  
Mask the taste of the end (The bitterest end)  
The day breaks me, the night saves me  
It might kill me, it's what makes me  
They say that only God can judge  
But He finesse the plug again and again

I crave the sweetness when I'm weakest  
Mask the taste of the end (The bitterest end)
