

Carried by Six

Deez Nuts

I erased every tape 'cause I don't play that shit
Why would you wage war with someone who has nothing to lose?
You too delusional
Double back on your word but you can't front on me, truth
Will reign supreme

Carried by six or judged by twelve
I f*ckin' hope you find your place in hell
Carried by six or judged by twelve
I f*ckin' hope you find your place in hell
