

# Crooked Smile

Deez Nuts

Ever listen to the words that you speak?  
You know I do  
And god damn it that shit funny to me  
You try so hard to sell your story  
Know your prologue is weak  
You know I do

Up in my vision for the most high  
Tooth for a tooth and an eye for a fucking eye  
I dont need more ... to be twice shy

Up in my vision for the most high  
Tooth for a tooth and an eye for a fucking eye  
Trust my life i'm forever fucked with a crooked smile  
Crooked smile

You pay attention to the steps when they creak  
You know i fuck'n do

Up in my vision for the most high  
Tooth for a tooth and an eye for a fucking eye  
I dont need more ... to be twice shy

Up in my vision for the most high  
Tooth for a tooth and an eye for a fucking eye  
Trust my life forever fucked with a crooked smile  
Crooked smile

Miss me with that  
I could put you on the front lines  
Just Bring it back  
Bring it back  
Bring it back  
Just Bring it back  
Bring it back  
Bring it back  
Just Bring it Back

Miss me with that  
I could put you on the front lines  
Just Bring it back  
Bring it back  
Bring it back  
Just Bring it back  
Bring it back  
Bring it back  
Just Bring it Back

Bring it back  
Bring it back  
Bring it back  
Bring it back

Up in my vision for the most high  
Tooth for a tooth and an eye for a fucking eye  
I dont need more ... to be twice shy

Up in my vision for the most high  
Tooth for a tooth and an eye for a fucking eye  
Trust my life forever fucked with a crooked smile
