

Hang the Hangman

Deez Nuts

Dope boy or draw the dead man's hand
Rather get high or hang the hangman
Heart colder than a polar vortex
Sex, drugs, rock 'n' roll got me vexed, so what's next?

Hang the hangman
You wanna get high or hang the hangman

Ill and vile, I'm the poster child
King of the lepers, forever on trial
It's too late for me to turn the curse
If you truly love me, you'll let me burn

Hang the hangman
You wanna get high or hang the hangman

No rats, no bread, no reward on my head
I'm not wanted dead or alive
No rats, no bread, no reward on my head
I'm not wanted dead or alive

Dope boy or draw the dead man's hand
Rather get high or hang the hangman
Heart colder than a polar vortex
Sex, drugs, rock 'n' roll got me vexed, so what's next?
So what's next?
Dope boy or draw the dead man's hand
Rather get high or hang the hangman
Ah

Get high or hang the hangman
Rather get high or hang the hangman

Dope boy or draw the dead man's hand
Rather get high or hang the hangman
Heart colder than a polar vortex
Sex, drugs, rock 'n' roll got me vexed, so what's next?
