

# Hedonistic Wasteland

Deez Nuts

Questioning my legacy  
As I traverse this hedonistic wasteland  
When I'm gone, will my loved ones tell my story  
Or be grateful that its come to an end  
Come to an end

How did I end up here, this hedonistic wasteland  
How did I end up here, this hedonistic wasteland

My only property is no man's land  
So I stake my claim on every single grain of sand

That slides the hour glass of time  
But as time slips though my fingers I find no peace of mind

How did I end up here, this hedonistic wasteland  
This hedonistic wasteland

[3x]

When I'm gone, will my loved ones tell my story  
Or be grateful that its come to an end

How did I end up here, this hedonistic wasteland
