

What's addiction?

Addiction when you can't stop 'til it's shutting down your system
 Addiction when you cook 'til you ain't got a pot to piss in
 Addiction—when I see you, guaranteed to be in ICU
 What's addiction?
 Addiction when you bet it all on black and in Vermillion
 Addiction when you lose the ones you love to chase a feeling
 Addiction—when I see you, guaranteed to be in ICU

Hahahahaha, check out this bizarre
 Shit that I been living before I could reach the bar
 Fast forward a few years—now I set that shit
 Test my shots from the line, get full court pressed quick

Now reputation precedes us, like they all got the memo
 And if they doubt the hype, you know we gonna give 'em a demo
 Everyday consumption—pills and powder in conjunction
 Dead that Henny bottle just to calm the nerves before the function

What's addiction?
 Addiction when you can't stop 'til it's shutting down your system
 Addiction when you cook 'til you ain't got a pot to piss in
 Addiction—when I see you, guaranteed to be in ICU
 What's addiction?
 Addiction when you bet it all on black and in Vermillion
 Addiction when you lose the ones you love to chase a feeling
 Addiction—when I see you, guaranteed to be in ICU

Glad I made it out alive just to tell the tale
 Shit—I went straight from rehab to Sony just to sign the deal
 Leg shaking like a fuckin' dog pissin'
 Skin crawling like there's fuckin' bugs in him

Double vision, now my muscles seizing up
 Cue the ambulance and cops
 I got a lot of enemies
 But wouldn't wish this shit on one

I got a lot of enemies
 But wouldn't wish this shit on one

What is addiction?
 I see you, I see you
 Addiction—when I see you, guaranteed to be in ICU

What is addiction?
 I see you, I see you
 Addiction—when I see you, guaranteed to be in ICU
