

Singalong

Deez Nuts

You know we had to do it to 'em, this shit gettin borin'
Opps got that shit for when you lost, we wanna see you scoring
Words from Pinocchio hoes, that ain't no skin off my nose
No Judas fucks, deez disciples do this shit for you

One time for the front line, fly the flag despite the name
When I hit 'em with a punchline, know they get it_ 'cause we one
and the same
Words from Pinocchio hoes, that ain't no skin off my nose
No Judas fucks, deez disciples do this shit for you

You want a sing along, so fuckin' sing along
Ain't in the business of bull shitin' give you what you want
Just when they thought it was over, we give it to 'em like...
_And when it all goes wrong, this still the shit you on
Ain't in the business of bull shitin' give you what you want
Just when they thought it was over you give it to 'em like...

You know we had to do it to 'em, they ain't with us screw 'em
Got flys on walls in rooms and halls, we know who is genuine
Words from pinocchio hoes, that ain't no skin off my nose
No judas fucks, deez disciples do this shit for you

This One's For You, we Bout It Bout It we Stayin' True
Word Is Bond, that Purgatory shit we made it through
No need to flex we go the best of them when we got you
No need to stress, when times they test you know you got us too
