SK FOREVER

Deez Nuts

You were the best when you were the worst
Because you were blessed, because you were cursed
But no matter what your demons did
You'll always be an angel kid
You were the best when you were the worst
Because you were blessed, because you were cursed
But no matter what your demons did

SK forever, SK forever
SK forever, SK forever

She said promise me you'll never be boring
He said careful what you wish for
That's an understatement if I ever heard one
Digging into dirt, you know you're gonna find some
you'll find the diamonds
SK you're gonna shine on
we can always keep the light on
Tryna find another, you won't find one

So you can fold a thousand cranes and never ease the pain
You can take a shower in the sun and know that all your feelings rain

You were the best when you were the worst
Because you were blessed, because you were cursed
But no matter what your demons did
You'll always be an angel kid
Yeah, you were the best when you were the worst
Because you were blessed, because you were cursed
But no matter what your demons did
You'll always be an angel kid

Yeah, you'd never ever leave the line, no
Everything I do I do for us both
SK we can always keep the lights on
Never find another, I don't want one

So you can fold a thousand cranes and never ease the pain
You can take a shower in the sun and know that all your feelings rain
Smile but how you felt was people throwing shade
I just wanted you to know that you were loved, that's why I told you every day:
I love you, SK

You were the best when you were the worst
Because you were blessed, because you were cursed
But no matter what your demons did
You'll always be an angel kid
You were the best when you were the worst
Because you were blessed, because you were cursed
But no matter what your demons did
You'll always be an angel kid

SK forever, SK forever
SK forever, SK forever
SK forever, SK forever
SK forever, SK forever

```
SK forever, SK forever
SK forever, SK forever
SK forever, SK forever
SK forever, SK forever

SK forever, SK forever
SK forever, SK forever
SK forever, SK forever
SK forever, SK forever
```
