

Theres A Party Over There

Deez Nuts

You know there's gonna be a party when we're up in the club
Soon as we step in the room
Everybody shows us love
If you've got beef, Better squash it on the double
You know my crew rolls deep
You dont want now trouble

There's a party over here
aint shit over there
If you're drinkin tonight, Put your drinks in the air
There's a party over here
aint shit over there
If you're fuckin tonight say fuck yeah FUCK YEAH!

There's a party over here
aint shit over there
were in the back of the club, doin' shots drinkin beer.
We're all here to get loose.
Yeah thats what's up
Half my boys are edge but they're STILL FUCKED UP

There's a party over here
aint shit over there
If you're drinkin tonight, Put your drinks in the air
There's a party over here
aint shit over there
If you're fuckin tonight say fuck yeah FUCK YEAH!

There's a party over here
aint shit over there
If you're feelin Deez Nuts say fuck yeah FUCK YEAH!
