

## What's Good?

Deez Nuts

Yo what's good?  
Yeah that's what's up.

Lets get shit straight, you cant take nothing from us  
Cause we've done this shit our own way since we came out the gate.  
Quick to jettison you freshman, surround ourselves with veterans  
Better men on our worst day then you could be on your best you can bet.

Yeah that's what's up.

Oh ye of little faith, I pray for you're demise  
Don't get that knot twisted cause I'm quick to cut those fuckin' ties.  
And don't ever mistake kindness for weakness,  
We heard about that sneak diss little bitches can't keep secrets, for real.

Yo what's good?  
Yeah that's what's up.

This a no flex zone little homie blow me,  
Pause, and if you could do it any better you'd show  
Cause you fake what you make what I state is just fact.  
Heavy lies the crown that's why I got a strong back.

What's good?  
Yeah that's what's up.

Oh ye of little faith, we pray for you're demise  
Don't get your knot twisted cause we're quick to cut those fuckin' ties,

What's good?

Speak your mind but...

Motherfucker stop lying  
Yeah right uh-huh.

Yo what's good?  
Yeah that's what's up.
