

# Liquid Dust

Def Leppard

Phase away  
Laze away  
Dreaming of that feeling  
A hazy way  
Came to play  
Through that window  
Came a castaway

There's not enough hours in the day  
And all the rains that came my way

Liquid dust, liquid dust  
Flows like a river  
Going down to the ocean  
Liquid dust, liquid dust  
Floats like a stream  
Going over and over

Broken glass  
This too shall pass  
That sensation of elation  
Golden throne  
Sits all alone  
I should've known  
That bird had flown

There's not enough hours in the day  
And all the rains they came today

Liquid dust, liquid dust  
Flows like a river  
Going down to the ocean  
Liquid dust, liquid dust  
Floats like a stream  
Going over and over

Liquid dust, liquid dust  
Flows like a river  
Going down to the ocean  
Liquid dust, liquid dust  
Floats like a stream  
Going over and over

Liquid dust, liquid dust  
Flows like a river  
Going down to the ocean  
Liquid dust, liquid dust  
Floats like a stream  
Going over and over

Over and over  
Over and over  
Over and over  
Over and over
