

SOS Emergency

Def Leppard

I see my life go flashin' by
At the mercy of your call
Sailin' in on broken wings
I'm not ready for the fall

(Whoa) So pick up the pieces
(Whoa) Get on the right track
(Whoa) Let's make a connection
Turn me on 'cause I want
My life back

SOS emergency
Come break me out
Come set me free
I'm in a crisis, can't you see?
It's sweet surrender
Rescue me

Running out of chances
I'm just waiting for a sign
This heavy heart is
Under pressure
And beating out of time

(Whoa) So get me connected
(Whoa) Pull me out of the road
(Whoa) My cardiac is arrested
Plug me in and watch my mind explode

SOS emergency
Set all those lifeboats
Out to sea
I'm in a crisis, hear my plea
Call all the angels
Rescue me

(Whoa) So pick up the pieces
(Whoa) Get on the right track
(Whoa) Let's make a connection
Turn me on 'cause I want my life
Turn me on, just turn me on

SOS emergency
An alternate reality
I'm in a crisis desperately
It's terminal
Rescue me
SOS emergency
Come break me out
Come set me free
I'm in a crisis, can't you see?
It's cataclysmic
Rescue me
Rescue, rescue, rescue me
