

All Over Me

Default

I'm sure there must have been a time,
When you did not consume my mind,
But I still swear, I don't remember,

To see I'm not in all that deep,
Through everything I know to keep from being,
Ready to surrender,

I see it's too late now
There's something in the way
And I don't know how
I can hear the reaper callin'
This boy's already fallen

(chorus)

All I want is you all over me
All I need is you all over me
I heard you say if you left I'd be okay
All I want is you all over me

Look at me I'm actin' like
Some pathetic little child who's dying
For your attention
I feel my legs but I can't run
Pretty soon I will become the victim
Of my own invention

And I can hear it now
There is nothing left to say
Such a desperate sound
Hasn't there been enough killing?
Maybe it's my blood that's spilling

All I want is you all over me
All I need is you all over me
I heard you say if you left I'd be okay
All I want is you all over me

All I want is you all over me
All I need is you all over me
I heard you say if you left I'd be okay
All I want is you all over me

All I want is you all over me
All I need is you all over me
I heard you say if you left I'd be okay
All I want is you all over me
