

# Dislimbing The Ostracized

Defeated Sanity

Enthroned amidst the bloodshed  
Of a fragile tyranny  
Conceived through lurid patterns  
Of a society unforgiving

Engaging in collective barbarity  
Shrieking hysteria echoing through the wilderness

Consummating his brutal reign  
Through murder of the elder  
Disgracing his broken body  
Now sentenced to dominate

A throne beholden to none  
Always on the fringe of deposition

Basking in divine reverence  
Gorging and fornicating without restraint  
Indulgence knows no bounds  
A privilege earned through degradation and violence

Ruthless authority breeds resentment  
Power diminishing through cabalistic formations  
Upheaval born through years of swelling bitterness

Dethroned amidst the chaos  
Of unstable hierarchy  
Deceived through lurid patterns  
Of a society unforgiving

Bludgeoned into exile and left for dead  
Never to return

Herbivorous beings compelled by enmity  
Devouring consecrated entrails  
Limb from limb a legacy is dismantled

Negation through ingestion  
Spiteful tendencies define the pinnacle of cognitive development  
Intelligence breeds malevolence  
A primitive blueprint of the human psyche.
