

# For What It's Worth

## Defences

We used to be full of opportunity  
With open eyes and open minds  
Until you lost your fight  
Is this the life?  
Sitting, waiting and watching the time pass you by  
We're all the villain in someone's story  
Turns out you might be mine

This is a mistake I keep letting myself make  
You pull me under  
And when I come up for air, you're not there

I tried to understand  
I tried to lend a helping hand but  
Where are you now, now?  
But what good is a hand if you push it away?  
Push it away  
Is that what you waited for?  
Can't you see there's so much more?  
I've held onto hope for you for so long  
It's time to let go

Tried to break you out  
Help you see, that only we keep us bound  
We keep us bound  
Lost in your game  
Controlling me like I'm your favourite character to play  
I could never win, repeating the chapters again

This is a mistake I keep letting myself make  
You pull me under  
And when I come up for air, you're not there

I tried to understand  
I tried to lend a helping hand but  
Where are you now, now?  
But what good is a hand if you push it away?  
Push it away  
Is that what you waited for?  
Can't you see there's so much more?  
I've held onto hope for you for so long  
It's time to let go

I had to choose my path  
Move forward and not look back  
Severed my ties from you  
Had nothing left to lose

It's time to let go  
And now I  
Think I'm worth more  
I might be better off alone  
Now I know who you are  
And I'm letting go

I tried to understand  
I tried to lend a helping hand but

Where are you now, now?  
But what good is a hand if you push it away?  
Push it away  
Is that what you waited for?  
Can't you see there's so much more?  
I've held onto hope for you for so long  
It's time to let go

It's time to let go  
It's time to let go  
It's time to let go
