

In Eclipse

Defences

Another day, another life
Another soul caught in the fight
Is there more than I can see?

Watching, waiting
Your silence is suffocating
But when I'm barely breathing
Your voice seems to help the healing

Another day, another life
Another soul caught in the fight
Is there more than I can see?

Calling out into the dark
I'll reach for you when all the lights go out
I know you're here, though I can't see you

Caught up amongst the struggle
I've held on too long as these walls start to crumble
Holding on by the skin of my teeth
Longing for an answer, I won't accept defeat
They tell me I'm a failure
But simply cannot hear my side
This roaring flame will light a thousand paths
Can you ever really say you tried?

This feeling never leaves me
I see a beacon in the sky
Nothing ever burned so bright

Even when all hope is lost
I'll reach for you when all the lights go out
We'll make it through the darkest hour

We'll make it through, the darkest hour, ooh
Now I know, I know I'm not alone (Know I'm not alone)
When these shadows fall around me
I'll find my way, I'll find my way back home

Calling out into the dark
I'll reach for you when all the lights go out
I know you're here, though I can't see you
Even when it all seems hopeless
I'll reach for you when all the lights go out
We'll make it through the darkest hour
