

Oh Stranger

Defences

Did you find what you were looking for?
Oh stranger, did you face the world
That's waiting outside your door?

If you refuse to play, you'll never win
There's no going back to start again
There's only one life to live
Are you making the most of it?
It doesn't matter where your faith lies
We are all the same and we all must decide
Could you say you've done enough, if your time was up?
If there's one thing that I know
The world will carry on without you
When your time is up
Will you like what you've become?
It's easy to get lost, stuck in between
Wanting to be fearless, and settling for weak
In all of our secrets we fail to see
The moment has passed, the day un-seized
Are you making yourself proud?
Be truthful now, oh stranger
Could you say you've done enough, if your time was up?
If there's one thing that I know
The world will carry on without you
When your time is up
Will you like what you've become?
The future is fading, fading It's your own game you're not playing
It's a battle, a constant struggle
To find the words that help you fit in When inside your head there's a revolution I wanna be a part of something
A life in the shadows is not how I want to live If there's one thing that I know
The world will carry on without you
When your time is up
Will you like what you've become?
What you've become
