

What You Know

Defences

Tell me it's make believe
I just might believe you
I don't know anything
With all the lies I'm meant to see through

Are we just making it worse?
When everything leads to hurt

Wake me up, wake me up when it's over
Leave me out, leave me out, leave me out of it
Separate what you know from what they told you
Don't waste a second when you'll never get another

When we're hanging by a thread
What do you hold onto?
When this is all that we have left
And I have nothing left to give you

Are we just making it worse?
When everything leads to hurt

Wake me up, wake me up when it's over
Leave me out, leave me out, leave me out of it
Separate what you know from what they told you
Don't waste a second when you'll never get another
Wake me up, wake me up when it's over
Leave me out, leave me out, leave me out of it
Separate what you know from what they told you
Don't waste a second when you'll never get another

Separate what you know from what they told you
Don't waste a second when you'll never get another
Separate what you know from what they told you
Don't waste a second when you'll never get another

Wake me up, wake me up
Leave me out, leave me out
Wake me up, wake me up
Leave me out, leave me out, leave me out of it

Wake me up, wake me up when it's over
Leave me out, leave me out, leave me out of it
Separate what you know from what they told you
Don't waste a second when you'll never get another
Don't waste a second when you'll never get another
Don't waste a second when you'll never get another
