

Robbing the down  
Changing the endless cycles of life  
Breaking the mold  
Never ending sacrifice  
New life appears  
Without hope & without eyes  
Living in fear  
Welcome to your paradise  
Living in fear  
Apocalypse  
The Asthmaphere  
They topple all our leaders  
Prophets of the damned  
Knowing the gravity here for the world for which they stand  
This new wave of violence  
The new phase of rage  
The blood of the silent prophecy that still remains  
Living in fear  
The end is near  
Apocalypse  
The Asthmaphere

Robbing the down  
Changing the ending cycles of life  
Breaking the mold  
Never ending sacrifice  
New life appears  
Without hope and without eyes  
Living in fear  
Welcome to your paradise
