

## ...Pierced Through The Heart

Defleshed

Letting my feelings rust  
As you're turning my trust to dust  
Oh, while this season starts  
I'm totally pierced through the heart

You will always be my energy  
My eyes consists of rain  
In tears I see my floor...  
...bloodstained...

Oh, while this season starts  
I'm totally pierced through the heart

You will always be my energy  
Watching what's left of your brain  
In tears I cum once again
