

It's starting to give  
Past, present tense  
Our memories split  
One is up, one is down  
One is lost, one is there

Constant zeros  
Form a time void through us

Recurring events  
Now reappear  
Time has started to tear  
One is up, one is down  
One is lost, one is there

Constant zeros  
Form this mind warp through us

Old thoughts reappear  
As lost time again  
It's starting to give  
One is up, one is down  
One is lost, one is there

One, it stayed correct  
One is strange and off time  
One, it stayed correct  
One is way out of time

Constant zeros  
One is up, one is down  
Form a time void through us  
One is up, one is down, one is there
