Deftones

Ooh, I try  
They can't say I didn't try  
I waited by a smaller child, oh...  
Tried to leave her  
When she says I'll never love again  
I wave my head in shame  
In memories  
And more

This love, I share  
I share it, with you  
Drunken  
Water, water

Please stay  
I wanna love again  
Only...  
Feeling stuck  
Into my shallow public choice  
I wave my head in shame  
In memories  
And more

This love, I share  
I share it, with you  
Drunken  
Water, water

Stop sittin' and passin' on everything that I'd ever do  
It's not worth to

I made the chance right by you...  
So tired of lettin' go  
So tired of lettin' go and check  
So tired of lettin' go  
I'm so tired  
It's so all right  
All right
