Deftones

The earth
Will see
Our lives go blank tonight
The earth will rot away
Well blink tonight

I really wish these snakes were your arm
I... I really wish you'd make up your mind

The earth disguised a way
Don't blink tonight
The earth will see our eyes
Go blank tonight

I really wish these snakes were your arm
I... I really wish you'd make up your mind

I know... know... know...
