

# Romantic Dreams

Deftones

I process  
You're a constant changing phases  
I watch them  
Releasing right on cue...  
In time, in sync  
Tonight the stage is yours

So why wait to discover your dreams?  
Now here's your chance

I promise  
To watch and raise your babies  
In time, in sync  
Tonight the stage is yours  
I'm hypnotized by your name  
I wish this night would never end

So why wait for the colors to bleed?  
What do you expect?

So heartless we march into the fumes  
In time, in sync  
Tonight the stage is yours

I'm hypnotized by your name  
I wish this night would never end  
I wish this night

I wish this night would never end  
I wish this night
