

## Bad Love

Dehd

I was a bad love  
Now I can get some  
I got a heart full of redemption

Yea now run baby run  
Run from the bad love  
New love baby come on honey give me some

Forgive me give it to me  
Tell me what to do tell me what to do to keep it  
I need your lovin'  
I wanna be your honey  
Tell me what to do tell me what to do  
To keep it goin'

Yea now run baby run  
Run from the bad love  
New love baby come on honey give me some
