Clear

Dehd

My feelings are a tender thread
I'm trying not, trying not to get ahead of this
To get ahead

It's clear, halfway home
I'm clear, halfway home when I look at ya

In the past it hasn't lasted
Who's to say its gonna change?
Now that you're around
Your arms around me

The world's so clear to you
But with my eyes of blue I'd die to say
I knew, I knew, I knew, I knew, I knew

It's clear, halfway home when I look at ya
I'm clear, halfway home when I look at ya

This is it, the biggest yet, I better get it, I better let it
This is it, the biggest yet, I better get it, I better let it

It's clear, halfway home when I look at ya
I'm clear, halfway home when I look at ya

It's clear, clear, clear
I'm clear, clear, clear
It's clear, clear, clear
I'm clear, clear, clear
