Dehd

It's not that I forgot  
It's just that I remembered wrong  
Walk it off, walk it off  
I've already walked around the block

I'm waiting for  
I'm saving up

It's not that I forgot  
It's just that I remembered wrong  
Talk it out, talk it out  
You tell me that I talk too much

I'm feeling kinda stressed  
I'll crawl up in my bed  
And stare it off until I'm feeling different  
Slice across my knee  
I wanna watch it bleed  
What will it take for you and you to see me?

I'm sinking in  
I'm feeling it  
Hey!

I'm feeling love  
I'm looking up
