

## Dream On

Dehd

Dream on (I'll do it)  
Don't do it (I'll do it to ya)  
I don't have the wing (Uh-huh, do it)

I never wonder why the sky's there  
I never wonder why I can't sleep nights  
I couldn't, never even would've  
How come I'm always last to know what I want?

I'm dreaming all the time, ah-ah  
I'm dreaming, ah, dream on (What I want)  
I'm dreaming all the time, ah-ah  
I'm dreaming, ah, dream on (What I want)

I'm dreaming all the time, ah-ah  
I'm falling into light, ah-ah  
I'm feeling out the void, ah-ah  
I'm looking for the noise, ah-ah  
I'm falling into vagueness (I never wonder why the sky's there)  
Where things are always clearer (I'm waiting on a sign that says what's where)  
Yeah, seeking out the stillness (I do it, the water signs to do it)  
The one inside my heart (And now I'm always last to know)

I'm always last to know  
I'm always last to know
