

Happy Again

Dehd

I didn't know the (phone)
Oh, the moon's so full
I turned my eyes above
Your crossin' out the sun

I didn't need to know
Just need to find a flow
Are you coming back around?
Homesick when you're out

We'll maybe be happy again
Happy again
Happy again

It's not a future tone
Need to sit in rows
Pass the power line
Up there so you shine

Happy again
Happy again
Happy again

Now don't go say it's over
Treat yourself like you're some water
'Cause we can be happy again
Happy again
Oh
