Heaven

Dehd

Say you walked in front of me
(I want it)
Kicked me out and run the street
(You got it)
It all takes a part of being something
(I got it, I lost it)
Looking for a place to hide
(I had it)
Saw your shadow taken down
(You got it)
I just know I got a lot of nothin'
(I got it
I want it even though I don't know what it is)

Say you walked in front of me
(I want it)
Body caught on angel wings
(You got it)
Try to fly and never saying nothing
(I got it, I lost it)
Take me down with memory
(I saw it)
Life connects with pageantry
(You aren't it)
Don't know if I'll ever be something
(I want it
I got it even though I don't know what it is)

Welcome to our pearl house, sit down
Welcome to our pearl house, sit down
Welcome to our pearl house, sit down
Welcome to our pearl house, sit down
Even though, even though
Even though I don't know what it is

Every little placement, I don't get it
(Respawn new haven?), but I don't listen
Standing in a doorway, oh I'm listening
Thinking that I lost it, oh yeah I will say
Even though I don't know, oh, I wanted it
Listen now, sunshine, you're my baby
Even though I lost it, well, it's worth it
You can see it's in line, (feel I've done it?)

I want it
I got it
I gave up
I got it
