

## Hold

Dehd

When I hold you up  
You know it's out of love  
When I hold you up, it's love

When I hold you up  
You know it's out of love  
When I hold you up, it's love

When I hold you up  
You know it's out of love  
When I hold you up, it's love

When I hold you up  
You know it's out of love  
When I hold you up, it's love
