

# Holding

Dehd

Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand

Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand

Do you understand  
I just wanna hold your hand  
Cute with the lips I can understand  
I wanna know you

Do you understand  
Wanna be more than a simple man  
Short and sweet, I don't know the plan  
I need a change now

Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand

Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand

Do you understand  
I just wanna hold your hand  
All I want is to be the straw you stand on

Do you understand  
I wake up in a distant land  
Got my head tucked beneath the sand  
I'm in your hands now

This is all a ruse  
Ah  
This is all a ruse  
Ah

Holding, and holding, and holding, and holding  
Holding, and holding, and holding, and holding  
Holding, and holding, and holding, and holding  
Holding, and holding, and holding, and holding, and holding

Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand  
Holding, and holding, and holding your hand

Do you understand  
I just wanna hold your hand  
Cute with the lips I can understand

I wanna know you

Do you understand

I just wanna hold your hand

Cute with the lips I can understand

I wanna know you
