Oh, pretty woman
You are not
Worth talking about
Pretty woman
You are not
Worth talking about

Hush, hush, we're dark dear
I keep a daydream of you
(Pretty woman)
Hush, hush, we're dark dear
I keep a daydream of you
(You are not)
Hush, hush, we're dark dear
I keep a daydream of you
(Worth talking about)
Hush, hush, we're dark dear
I keep a daydream, daydream

I keep them wild horses
I keep them wild horses

(I fall off the cliff no longer)
Let them go, let them go
(I fall off the cliff no longer)
Let them go, let them go

Hush, hush, we're dark dear
Hush, hush
Hush, hush, we're dark dear
Hush, hush
Hush, hush, we're dark dear
Hush, hush
Hush, hush, we're dark dear
Hush, hush
