

Long Way Home

Dehd

Checked out
All of the ways to find you
Left town
To make use of these lost values
Locked out
(I do what I want, ah yeah yeah)
Sun shine low to walk to
(I do what I want, ah yeah yeah)
Stepped out
(I do what I want, ah yeah yeah)
Looked down below
(I do what I want, ah yeah yeah)

Long way home
Long way home
Long way home
Long way home

Been round
The finer things it's got to offer
Turns out
Lust quick, little accident
All out
(I do what I want, ah yeah yeah)
The reasons why I can't return to
(I do what I want, ah yeah yeah)
You now
(I do what I want, ah yeah yeah)
Just so you know
(I do what I want, ah yeah yeah)

Long way home
Long way home
Long way home
Long way home

Long way home
Long way home
Long way home
Long way home
