

## Menace

Dehd

Let it out it makes me regret it  
Shouting till I forget it  
Walking round like a menace  
I go slowly keep me safe from harm

Buzzing on my way through a Sunday  
Burn my face on a Subway  
Walking round just to get away  
I go slowly keep me safe from harm

Well, I keep my promises  
I've been doing something else  
Tell me, tell me what it takes  
I keep my promises

Let it out it makes me regret it  
Shouting till I forget it  
Walkin round like a menace  
I go slowly keep me safe from harm
