

## Moonlight

Dehd

I didn't need to be the best  
All I needed was a little rest  
Oh, sitting time  
The nights are long when neon's on  
And two are better than one  
Oh, closing time

I see the sign, see it in your eyes  
In the window a part of me arrives  
Oh, closing time  
Can't find the words, can't find the way  
Through all my effort I've erased the day  
Oh, closing time

Moonlight, try to read your mind  
Didn't want to wait till closing time  
It's alright, lay and wonder why  
I wanna make a difference in your life  
Oh, closing time

I couldn't leave, I couldn't tell you  
That in my hands I want to make you move  
Oh, closing time  
I didn't mean to walk the line  
But if I had you maybe I'd be fine  
Oh, closing time

Moonlight, try to read your mind  
Didn't want to wait till closing time  
It's alright, lay and wonder why  
I wanna make a difference in your life  
Oh, closing time
